CHOOSE WHAT WORKS FOR YOU!

We have Segway Experiences throughout Door County.

The Segway is extremely fun! People have instant smiles when they experience the Segway for the first time and they keep coming back.

Segway the Door Tours has seasonal and specialty tours in addition to our standard tours.

We have experienced and **informative** tour guides who share the **history** and **nature** on each of our tour routes.

First, we train each “fun seeker” on the Segway PT. Then we head off to beautiful and historical places. We have had people in their 90’s on our tours. As long as you can stand, you can ride a Segway!

Fun seekers must call to make a reservation:

Peninsula State Park is our most popular tour!
