## 2018 Door County Visitor Experience Survey

4299	It's been a family tradition for our family since our kids were babies and we love the fall colors in October and try to avoid crowds so we try to go when no events are planned. Love fresh apples, artesian cheese, salsas, bakery items and wine and corn maze and door penn hiking and biking and a campfire with cool night air and listening to the lake and skipping stones and just being present in the moment with each other. Our kids two of which are adults and out on their own look forward to our trip every year and make it a priority which says a lot now a days♥ We try to stay on lake front property to wake up to nature but over the decades it's getting harder to find because rustic cottages and property are being sold to people who tear down and develop which is a negative so not sure how long we will continue because it's starting to loose it's stress free get away from it all gentle mom and pop and historical charm ☐	10/31/2018 10:53 AM

## 2018 Door County Visitor Experience Survey

4489	I LOVE Door County!! It has such a laid-back and chill vibe. The scenery is beautiful. There is a LOT to do. This was our first two night getaway as a couple since having our kiddo three years ago, and we were celebrating my 40th birthday. My husband planned the whole thing! He rented a little lakeside cottage in Gills Rock, so that was very relaxing, quiet and restorative. We were able to sit out by the water, enjoy our coffee, and watch the waves. He also bought tickets to a show at Peninsula Players. I had never been and not only was the performance excellent, but the grounds are spectacular! I love that they had bonfire after the show. And the views of the sunset were AMAZING. We also hit up a few wineries, and checked out the new Brewery. Always a fun experience. And I got to do some shopping at my favorite boutique, Patricia Shoppe, along with a few others in Fish Creek, Egg Harbor and Sister Bay. The food is always delicious. Pizza from Wild Tomato and breakfast at Grasse's Grille did not disappoint. And we came home with lots of smoked fish from Charlie's. It was fun and relaxing and I got to spend time reconnecting with my love. Perfect little getaway in a gem of a place.	10/31/2018 10:21 AM

Despite the freezing temps it was awesome to be part of the crowd and experience. We plan on going up again for New Years Eve and if the weather cooperates we will fit in some cross county skiing. When we visit we bring along another couple (our best friends) and our adult children, but they do tent camping instead. I can't begin to describe the tons of fun we have, especially going to the brewery in Bailey's Harbor where we all rate the flights and play board games. On our way up, we stop at all the wineries and grab out favorite bottles of wine, but not without the taste test. No matter where we end up, the shop owners are friendly and helpful. ## 2018 Door County Visitor Experience Survey

430	There was a very rude store clerk in beach people in fish creek. We were hanging out there with our daughter while waiting for a table. The woman said there was a waiting area at the restaurant. I said I knew that. She said I don't want to clean up the store after you. I said you wouldn't need to. We weren't making a mess at all and of course picked up after our daughter. We had been planning to buy several things from the store since we appreciated their letting us hang out. However, after that comment, I didn't buy anything.
